# HELP EXTINGUISH TERROR KITES

Communities bordering Gaza are under attack. Kites and helium balloons outfitted with flammable materials are being sent from Gaza with the goal of igniting fires.

Significant damage has been caused to farms and valuable crops, and vast portions of nature reserves along with their wildlife have been destroyed. To date, over 270 fires have been ignited by terror kites, destroying over 25,000 dunam (6,200 acres), or a third of all land adjacent to Gaza.

Firefighters are having difficulty keeping up with the frequency of the fires being set, and cannot reach every fire before it spreads.

With the support of Federation CJA, a project has been undertaken to provide the firefighting equipment necessary to respond quickly and prevent newly lit fires from spreading.

Needs include 750-liter fire-fighting trailer units that attach to tractors and allow farmers to reach fires in their fields. Each unit costs \$11,000. Firefighting suits are also required for these farmers who go out to battle the flames. Each suit costs \$1400.

Our community will partner with the communities of Israel's south and help them extinguish the flames of these terror kites, and preserve their crops, farms, houses, parks, and way of life.
