HELP EXTINGUISH THE FLAMES OF TERROR

Communities bordering Gaza are under attack. Kites and helium balloons outfitted with flammable materials are being sent from Gaza with the goal of igniting fires.

Significant damage has been caused to farms and valuable crops, and vast portions of nature reserves along with their wildlife have been destroyed. Hundreds of fires have been ignited, destroying over 30,000 acres. Damage to crops is estimated in the millions of dollars.

Firefighters are having difficulty keeping up with the frequency of the fires being set, and cannot reach every fire before it spreads.

With the support of Federation CJA, a project is underway to provide firefighting equipment that allows for quick response to these fires, preventing them and their damage from spreading.

Needs include 750-liter fire-fighting trailer units that attach to tractors and allow farmers to reach fires in their fields. Each unit costs \$11,000. Firefighting suits are also required for these farmers who go out to battle the flames. Each suit costs \$1400.
