One of the many advantages of Bitachon (trust in G-d) is the following. Many times people invest inordinate amounts of time and energy trying to impress and please many different people, anyone with whom a relationship could be to our advantage. If we would only understand that it is G-D and G-D alone who determines whether we make money or lose it we would no longer be a slave to people.

Sefer: Living Emunah

Wishing you a great and inspiring day!
