Updated July 1:

All fully vaccinated (two weeks after the final shot) individuals can choose to attend minyanim, shiurim and Shul programs without being masked and without socially distancing. This assumes responsible behavior and full honesty.

Individuals, including children, who are not fully vaccinated must wear a mask and socially distance from anyone outside of their family group.

For now, we will continue all existing indoor and outdoor minyanim to allow plenty of space for everyone to feel comfortable and to choose where to daven. Please respect the safety and comfort level choices of your fellow members. Anyone with any medical questions should consult their own health professional for guidance.
