### MEET THE HONOREES

Ilana Katz has a profound commitment to making a difference in the lives of others - both at work and in her spare time.

Born and raised in Toronto, she attended Ulpanat Orot High School and York University, where she studied sociology and rehabilitation. She also spent a year in Israel studying at Machon Gold.

Ilana has put her studies into practice in her work at Ohel Children's Home and Family Services for 24 years, currently as an Assistant Director overseeing group homes tailored to individuals with developmental disabilities. In addition, she is tasked with developing and running comprehensive training programs for staff and clinicians. Over the years, she developed a deep understanding of societal structures and the challenges that marginalized communities face.

Ilana moved to the Upper West Side in 2000 and has been an active member of Ohab Zedek for over two decades, taking a role in several of the shul's key initiatives.

Among other activities, for many years Ilana faithfully participated in the Bikur Cholim program at Mount Sinai Hospital. She is proud of the meaningful relationships she developed there on Shabbat afternoons, through her efforts to empathize with patients and families.

She also serves as a shul trustee and was the journal chair for many years in support of the OZ annual dinner.

Ilana is an enthusiastic participant in the various shiurim that are held at OZ. She eagerly attends TNLP, relishing the opportunity to engage in profound discussions and enrich her understanding of Jewish teachings and values. She also enjoys the gatherings of the OZ Women's Emunah group, where she finds camaraderie and spiritual growth alongside other shul members.

Ilana cherishes the close bonds with her family. Her parents and siblings still live in Toronto. She has a close relationship with her nieces and nephews and they always have a place to stay when they come to New York.

In her spare time, Ilana enjoys going to the theater. She also likes to travel and last year visited Montana, Yellowstone and The Grand Tetons.

Ilana feels extremely privileged to be a part of the extraordinary OZ community, which epitomizes the values of empathy, resilience, and altruism that she holds dear. She is grateful for tonight's honor and looks forward to being an active part of the OZ community for many years to come.
