

The Miracle of the Iron Dome:

Many people saw the “Hand of G-d” in the performance of “Iron Dome” during Operation Protective Edge, especially in a highly publicized incident in which the system failed to operate and G-d “stepped in.” Through this we’ll try to understand what Iron Dome does and what a “miracle” really is.

Schedule:

Shacharis: 7 / 8:15 / 8:45 / 9 am

Lecture with Ari Sacher: 11 am in the Main Shul

Shul-wide Kiddush: Following lecture (approximately 11:45 am)

Sponsorship Opportunities Available

Ari Sacher is a rocket scientist and has worked on the design and development of missiles for over twenty years. He has briefed hundreds of US Congressmen on Israeli missile defense, speaks regularly for the Israeli Foreign Ministry, and is a highly requested speaker at AIPAC events, enabling even the layman to understand the “rocket science.” Ari uses his experience in the defense industry to explain the Torah in a way that is simultaneously enlightening and entertaining.
