There are many perks to being a Community Rabbi. I used to get a lot of free Starbucks coffee when we were up the block. Anytime someone would step in for a meeting they would not come empty handed.

Two weeks ago, I got an email from a fellow Toronto Rabbi who has invested most of his adult life to the Jews of Eastern Europe. He spoke about the immediate need. In just eight days, our community raised over 60k. We will stop the fundraiser next Friday.

I'm proud to present here a partial list of the contributors, (see above) which includes several teens and young men & women who gave from their own money. The Jewish people are one family - may we continue to always have each other's backs.
