Tips For Viewing the CBO Livestream

1. **Get your viewing page (CBO Web Player, Facebook, YouTube, etc) set up** a few minutes ahead of time and ensure that your internet connection is strong.
2. Everything looking okay so far? Let's be sure you have your computer **volume turned up!** If you experience no or low volume, this is likely the culprit!
3. Does it look like there's a lag due to the event buffering? No problem! **Refresh your open browser** and everything should play as smoothly as expected.
4. Once you're all set, enjoy the service!
