**Before you register…**

- **Use a computer.** Our registration system works much better on a computer than on a phone!

- **Have your Beth Am login information handy.** You must be logged in to register.
  - *Forgot your login information?* Email youthed@betham.org for help.

- **Choose the program(s) for your child(ren).** You can find a list of program options by grade here and more details on our website.

- **Check the program tuition amounts here.**

**When registering, pay special attention to these questions…**

- **Emergency Contacts** – In the event that a parent/guardian cannot be reached, we must have contact information for an additional adult. The emergency contact should not be the same as the person/people you include for the Parent/Guardian fields. If you’d like to add more than one emergency contact, please click the plus sign to the right of the text “Can Pickup.”

- **Media Releases** – These often default to *no*. We want to be able to share images from our programs both internally (e.g. in teacher and Ed Team emails) and externally (e.g. on social media channels, on our Youth Ed bulletin board, in the Beth Am Builder) so please review these questions carefully when making your selection.

- **Directory Permission** – This also often defaults to *no*. The directory is a great way to connect with other students, parents and families in Youth Ed. The directory includes student and parent/guardian names, home address, phone, and parent/guardian emails. It is password protected and only available for other families enrolled in Youth Ed programs. If you want to be included but want certain information omitted, please email the details to youthed@betham.org.

- **Friend Requests** – Though not a required part of the registration form, we do actually look at these when making class lists! This field defaults to what you had last year, so be sure to update it if necessary. While every request can’t necessarily be honored, we do our best to place students with their requests.

- **Inclusion Questions** – We want every child to feel welcome and supported in our programs! Indicating “Yes” for these questions will prompt our Inclusion Specialist to reach out to you before the school year begins to check if there is any new or updated information that will help us accommodate your child/ren in our programs.
