

## Temple Board Member

### Larry Bauman

---

Larry Bauman

I moved from the Midwest to New England in 2017. I've been a member of Sinai Temple for several years, and particularly since the pandemic, I have developed a greater appreciation for its mission of inclusiveness, the traditions it fosters and the engagement it pursues with the larger Western Massachusetts community. My work life has included both business and creative worlds, and I intend to use my accumulated experiences to support Sinai as I serve on both the Membership and Finance Committees. To the extent that my experiences can further contribute to Sinai's overall effective operation, I regard it as an honor that I was accepted to serve as a Director on the Sinai Temple Board.
