A Sweet New Year

On Rosh Hashana, we wish each other a sweet new year. Sweet doesn't only have to be used to describe good-tasting food. It can also be used for enjoyable, special, and pleasant things. In the apple, write or draw 5 sweet things that happened to you this year. In the jar of honey, write or draw 3 sweet things you're hoping for this coming year.

Toots and Truths

The *shofar* is like a trumpet, which we use to crown God as our king. What are 3 things you want to thank God for? Write or draw them in the crown.

It's also like an alarm clock, waking us up to think about our lives and how we could be better people. What is one area in your life in which you could improve a little? Write/draw it in the clock.

A Glance Ahead and Behind

Rosh Hashana is the perfect time to look back on the last year, and look ahead to the future.

What are 2 things you're looking forward to this coming year?

What are 2 things you'll always remember from this past year?
