Two or Three Things I'm Learning About Antisemitism

Part Three.

Woodrow Wilson, a man of two faces, was President when the Bolshevik coup, I must use this word, consumed the minds of the robber barons.

In The Russian Civil War, saw the Russian Whites against the Bolshevik Reds, with Jews caught in the violent middle,

And then, we see that Wilson's political philosophy of 'self-determination' included American business and military power to spread Wilson's personal white supremacy to Russia.

Remember most of the Jews of the entire world lived in the Russian Empire. That empire renamed with a new ideology as the USSR.

You don't know how lucky you are, boy Back in the U.S.S.R.

For several reasons, that have been well studied, there were many Jews among the Bolsheviks, and at key points such as the notorious Peace Conference between German and Russian after the Bolsheviks pulled Russian out of the western alliance, the Conference at Brest-Litovsk, I believe that all of the Bolsheviks were of Jewish origin.

These, however, were still a very small number of the Jews of imperial Russia's Jews.

By this point the Protocols had become a fixture of antisemitism, and in that vision the **Jews**, not the robber baron's themselves, Andrew John and Henry, the Jews were

the oligarchs, the robber barons; and we can see how that conspiracy theory had worked very well.

So why yes, why not, let's now attribute Bolshevism, or anti-robber baron-ness, and steal private property, and kill our chosen enemies, these the main attributes of Bolshevism, to Jews as well.

And thus was born, of all of the stigma's ever assigned to the Jewish people, the single most murderous goes under the phrase: the myth of Judea-Boshevism.

Behind this new antisemitic myth lay the same people. Robert Lansing, from Brown Brothers Harriman and the Union Bank of New York, and the uncle of Allen Dulles who became head of the CIA under JFK. Dulles a notorious vicious antisemite like his brother of John Foster Dulles, who would go on one day to be President Dwight David Eisenhower's Secretary of State.

Robert Lansing brought these two nephews to the Versailles Peace Conference, the first step was creating the German debt called reparations as a steady income stream for their after which they, their firm and their bank financed the rise of Hitler. They, the Dulles Brothers, andBush, especially funded Hitler and later Lindbergh.

Well remembered about John Foster Dulles and Alan Dulles, and they funded the rise of Hitler, and continued to once he was chanceleor, both are remembered by people who noted, neither Allen or John, when informed of the holocaust seemed to have not a single tear for the Jews of Europe.

Later, Allen Dulles, then on the Warren Commission, would not have a tear either for JFK.

To take a few painful profiles in antisemitism from Professor Hanebrinks A Specter Haunting Europe, the Myth of Judeo Bolshevism, "...the dour Robert Lansing, the American Secretary of State, (who) believed that New York's Lower East Side Jews intended to bring the evils of revolution across the Atlantic to the United States. In Great Britain, Winston Churchill notes that Jewish revolutionaries had gripped the Russian People by the hair on their heads.

"Between 1917 and 1923 that belief (that all Jews were Bolsheviks) was used to justify the mass slaughter of Jews in the Ukraine by the anti-Bolshevik revolutionaries known as the Whites, ...and other armed groups."

And the Bolsheviks themselves, the Reds, were equally violent as the Whites, they also, they too destroyed tens of thousands, of Jews, their homes synagogues, businesses, entire towns.

Now we have come to the event known as the Russian Civil War. On the one side of this 1st act of the Holocaust, as far as Jews are concerned, The Robber Barons of America, Russia and Europe, backing the Whites vs. another group of robbers, the Reds, the Bolsheviks.

In 1918, at the urging of Robert Lansing, the American Marines, joined the unhesitatingly fascistic Russian Whites. Our Marines invaded Siberia, with America entering the Russian Civil War.

The US Marines, as documented by its own most decorated soldier Smedley Butler in his book Gangster's of Capitalism, and whose story is recounted in the new movie

Amsterdam were the personal army of Herbert the Russian mining oligarch Hoover, with Hoover, Bush, Rockefeller, Harriman, Ford, Dupont, etc, etc and so forth

And the Marines invading Russia were a tool of the Dulles brothers. One Allen, the future head of the CIA, who would lead the Warren Commission inquiry into the death of John Kennedy 35 years later.

In order to comprehend the unprecedented evil toward Jews that would occur, we really need to follow the US Marines, and watch what they and their allies do to Jews.

The Marines joined the Whites in the crime, the political assassination of 200,000 Jews. To create their hate they used on the side the Robber Baron created Protocols of the Elders of Zion, and on the other side the hate that would be thought as true the so-called myth of Judeo Bolshevism.

I'm going share a quote, about two paragraphs from the scholarly, rational masterwork: A Spector Haunting Europe: the Myth of Judeo Bolshevism by Professor Paul Hanebrink Professor of History at Rutgers.

In this quote we will begin to learn the pieces that would lead to what I consider now to be the six million political assassinations, one by one, that history calls the Holocaust. And that I call six million political assassinations.

Hanebrink 26-27. We are in the middle of the Bolshevik attack on Poland. Poland itself only declared a state on November 3, 1918:

"The Polish line held and the Red Army retreated eastward. The 'miracle on the Vistula, (a river that is to Poland what the Nile is to Egypt) entered Polish national memory as a

moment when divine grace intervened in human events to protect one of God's chosen nations.

"However, the specter that the Polish (Catholic) bishops had seen looming over Warsaw in the summer of 1920 did not disappear. In their letter, Poland's Catholic leaders put a specific face on the doom that their country and all of Europe faced if the Red Army should triumph. Jews were the agents and leaders of the Bolshevik peril. They (the Jews) personified the rising power in the East that threatened all of European Christendom.

"And Judeo-Bolshevism also breathed new life into older versions of anti-Jewish hatred. Indifferent to the logical absurdity, the bishop's tied "Jewish" revolution against capitalism to the power of modern Jewish finance itself, a force associated with Jews since the 19th century. (This was the same package that Hitler argued. It's a shame he never discussed it with his sister.)

"Both, in turn, were signs of Jews unslakable thirst for power and their ability to manipulate all kinds of rulers to their advantage. The bishops proclaimed Judeo-Bolshevism, (which of course was only their latest antisemitic formulation) to be the manifestation of the Antichrist, an even earlier form of anti-Judaism with roots in the earliest days of Christendom.

"Responding to an utterly new and unprecedented political threat, Bolshevism, the Bishops gave it a very old name, the Jew."

The ship the German freighter St Louis is familiar to us. In 1939 under pressure from the Oligarch's presidential candidate

the great American Nazi Charles Lindbergh, mister Spirit of St Louis himself, under pressure from Lindbergh, the Dulles' , the Bush's. the ship carrying Jewish Refugees is turned away from docking in the US.

But this German Freighter St Louis enters history with the fleeing Whites at the nightmare end of The Russian Civil War. Evacuating antisemitic Whites, to German, France to the rest of the world, and shipped US Marines back home, after their failure to stop the Reds.

As the great historian Elias Heifetz wrote in his The Slaughter of Jews in The Ukraine 1919, "The pogroms had nothing to do with choices that Jews had made or not made. Instead, they were a political tool that helped different warring parties to unify their disparate forces and ship up popular support for their cause.

As they sailed, the Whites brought everywhere they went, Paris, Dallas, England, their political antisemitism. But no-where were these people and their hate more dangerous for the Jewish people, than Germany.

End of Part Three
