Property News

The updates/renovations on the Temple apartment are fully underway. As of this writing, the updates completed include:

- i) Air conditioning unit installed and furnace serviced
- ii) Garage door openers installed on both bays
- iii) Vent fan installed in the bathroom, a new toilet and various plumbing fixtures repaired/replaced

The entire apartment is being painted and the new flooring should be installed the week of Oct 4th, assuming the materials arrive on time. Rabbi, Elyse Fisher and Cindy Monger purchased a new stove and dryer. They will be delivered once the flooring is in. The newer fridge that was recently purchased for Temple's kitchen in the main building, will move upstairs to the apartment for better use. The garage, with laundry, will be available to the tenant and is no longer accessible with a key. The security code will provide the tenant with some measure of privacy from the congregation.

We are getting close to wrapping the project up, and the lease start date is set for mid to late October. Saul Teichroeb and The Harrison Carter Group will be furnishing the apartment for longer term stays (2-4 week minimum) as a furnished rental. The initial lease will be for one year and Temple will be paid the monthly amount whether or not it is occupied. We are hopeful this will be a good experience for everyone, and that this arrangement could last for several years.

- As big branches are knocked off our trees by storms, they are cut up and the smaller brush is removed. The larger logs are cut into small sizes and stacked by the side of the garage. If anyone needs firewood, please help yourself.
- The new lights in the driveway and carpark will be most noticeable as the days draw down. Anyone using the building at night will appreciate them. The car park lighting is motion sensitive so it will appear dark until someone enters.
- The front fence badly needs replacement as many of the posts are rotten. The high price of lumber is dropping again after COVID and the project was put aside for another year for review.
- The drone images of the roof have been used twice now for repairs and are proving very useful.

Board News

Thank you to all those members who have submitted their 2021-2022 dues payments. As a reminder to those who have not yet done so, please make arrangements to pay your dues at your earliest convenience to ensure your continuing support of a thriving Temple Israel.
