

## INFANTS

3 mo. – 11 mo.

Our infant classroom provides a warm and nurturing environment where each child is encouraged to explore and develop new skills at his / her own pace. Infants have plenty of space to crawl, take their first steps, play and grow in a place that is uniquely designed for their needs.

## TODDLERS

12 mo. – 23 mo.

Children first exposed to a preschool setting learn through active exploration, play and interaction with classmates, teachers, and their environment. They acquire independence, self-confidence, motor and language skills, and a sense of self.

## TWOS

Two years by September 1, 2024

Through dramatic play, hands-on games and activities, children will continue to develop and refine motor and communication skills. Focus will be on academic readiness skills and active participation in the classroom and school community.

# PRE-K PLUS- Higher Level Learning

Extending Your Child's Learning 9:00 – 3:00 pm

4 years old by September 1, 2024  
Certificate of Eligibility Required

Our Pre-Kindergarten program offers **HIGHER-LEVEL LEARNING** each day. Higher level learning is what we all do when we think deeply about a problem or situation. The children will stretch their thinking and get a deeper understanding of a subject. Moving beyond Who, What, When, Where, and Why is important to create a solid base of content knowledge. Preschooler's learning can be deeper and more complex. Asking children more complicated questions helps them become self-directed thinkers. Also, having more opportunities to play is something experts look for when assessing the quality of preschools. Our children engage in play and have choices about their activities for a substantial part of the day. **PLEASE NOTE: No Naps will be given during our Pre-K PLUS hours**

### Example of Subject Areas:

**MATH-** The children will **IDENTIFY, NAME, COUNT, ADD, SUBTRACT, SOLVE PROBLEMS, RECORD DATES,** and **MEASURE** and **COMPARE OBJECTS**, all while working with numbers. They will use their knowledge of numbers to find a solution.

**READING –** The children will be able to **EMBELLISH A STORY, REMEMBER** and **UNDERSTAND FACTS** and **IDEAS, IDENTIFY** and **RELATE** to a character, **COMPARE, EXPLAIN,** and **SUMMARIZE** stories. The children will be able to answer questions about a story/activity that requires more thinking of different possibilities.

**CREATIVE ARTS –** The children will express their feelings and ideas in unique ways. It could be through **DANCE, MUSIC, CREATIVE MOVEMENT, PAINTING,** or **PLAYACTING.** They will construct, design and create their own work of art.

**SCIENCE –** The children will be able to answer questions that require **EXPRESSING OPINIONS** and **JUDGING** the decisions of self and others. They will **RECOGNIZE SIMILARITIES** and **DIFFERENCES** in **NATURE.** They will **ANALYZE INFORMATION** from data, **MAKE DISCOVERIES,** and **THINK SCIENTIFICALLY.**

**WRITING –** The children will **WRITE RESPONSE LETTERS** to characters in a story. They will create their own **STORYBOOKS** and contribute to **GROUP WRITING** activities. They will have their own **WORD BOX** of their favorite growing written words and create **WISH** and **SHOPPING LISTS.**

## THREES

Three years by  
September 1, 2024

Emphasis at this level will be on providing choices, challenges, and opportunities that promote intellectual, social and emotional growth. Children will learn through problem solving, cause and effect, as well as math and science concepts through the use of blocks, puzzles and other manipulatives.

## Pre-K Pre-Kindergarten

4 Years by September 1, 2024  
Certificate of Eligibility Required

We offer a half day program (9:00 am- 1:00 pm) for Pre-Kindergarten children that will be 4 by September 1, 2024.
