

Beth Tikvah Synagogue Legacy Plan – Case Statement

Since its founding in 1996, Beth Tikvah Synagogue has been a warm, inclusive, egalitarian, diverse and fully participatory independent congregation. Our goal is to enrich Jewish life by providing for education, ritual, social growth, and community service, in a friendly welcoming atmosphere. The Beth Tikvah community is filled with caring, warm people who value Tzedakah and Tikkun Olam.

We provide a comfortable and relaxing place to worship, study, and connect with other families. We offer an inviting and spiritual place which provides a unique opportunity for families to grow together under a Jewish umbrella. We encourage each individual to contribute his or her skills and ideas to maintain our Jewish heritage and history so that our children appreciate their Jewish roots.

At Beth Tikvah we are more than a Jewish community, we are a family. Together we celebrate joyous occasions and support each other in difficult times. At Beth Tikvah, each person has the opportunity to be part of something bigger than themselves.

Our adult programming is congregant-driven. We provide a top notch Jewish education, engaging children in creative and imaginative ways, using teaching methods that speak directly to them, while remaining in touch with current trends. Our children love to come to our school and to attend our multigenerational services and carry the values we teach them throughout their lives.

Our legacy donors are dedicated and committed individuals, just like you, who want to ensure the continued vitality and growth of Beth Tikvah's Jewish and spiritual offerings far into the future. They are sowing the seeds for future generations and affirming that our community is and always will be that special place that speaks to Jewish souls in a warm and welcoming manner.

Twenty years ago our founding families had a dream to create a new type of congregation. Please join us as we keep that dream alive now and for future generations.
