11:00 am: (note earlier start time) Mid-Day Break for Breath and Well-Being with Bobbie Winter. With the winter and most vaccinations behind us, with warmer weather and spring bulbs coming up, this is a good time to focus on emerging from the tight pandemic lockdowns into a wider and more open world around us. What are your goals for moving forward, what are you looking towards doing and what might still keep you back. This will be an interesting discussion followed by breathing exercises and a guided relaxation and meditation. I look forward to having you join us.
