

Havurah & Tivnu @ Camp Westwind

Oct 2023

"I loved spending time relaxing and connecting with Havurah folks that I'd never met before, as well as with people that I've known for years but never really talked with much. I felt like we bonded through random conversations and also during the fun activities we did together, such as paddling on the river, navigating the challenge course, walking on the beach, and singing by the campfire. Hanging out with Tivnu folks was also fun, especially the one who knew all the Israeli folk dances I taught and shared the hilarious words she learned at camp to remind you of all the steps." —Cindy Merrill
