The Shaw Family

Neil, Trish & Leo

We are originally from FL, but came to Dallas a year ago during covid from San Diego. We came to Dallas looking for a more observant community with good schools. We have 4 children. Daphna, 31, who is married and lives in Dallas.

Goldie, 24, who is married, and in third year of med school at UMass.

Leya, 18, who will be attending Stern in NY in the Fall. Lastly Leo, 9, who attends Akiba here in Dallas. My husband and I are Veterinarians by trade, but I have been at home with the kids for the last 15 years.

Neil recently started a new career with a start up vet tech software company. We have 4 dogs and 4 leopard geckos.

We love swimming and top golf. We are very happy to be in Dallas, so far the communities have been warm and welcoming.

We are looking forward to meeting everyone in person now that Covid is hopefully subsiding. One fun fact about me is that I played soccer for University of FL a loooooong time ago.
