Before co-founding Dialogue Strategies in 2000, Neil spent five years with an international communication skills consulting company where he became a Partner and the firm's top Canadian business developer.

Neil has coached thousands of businesspeople at all levels in negotiation, pitching, leadership, and selling skills.

He has worked with firms like IBM, P&G, Scotiabank, BMO, CIBC, TD, Gluskin Sheff, and Ontario Teachers' Pension Plan.

Virtual Communication Coaching

Main Objectives:

- Develop and deliver key messages that engage any audience in a virtual meeting
- Project a credible, competent image
- Succinctly communicate all messages and presentations to keep listeners engaged in a "challenging" forum
- Leave the audience with key memorable and salient points that they can communicate to their stakeholders. This includes a 1 on 1 conversation or a virtual meeting.
