

SECURITY PROCEDURE: PLEASE READ CAREFULLY

As we come together as a community, your safety and security are our priority. We take extra precautions for the High Holidays and thank you for your cooperation and understanding. Given the current climate, we have increased our security and changed our procedures to ensure the safety of all. With the crowds of people attending services, we ask for your patience and understanding. Please be prepared to show your tickets at the main entrance to our building and allow extra time since additional security precautions may result in delays upon entering.

PLEASE BE AWARE OF THE FOLLOWING SECURITY ENHANCEMENTS:

- Private security officers will be checking tickets. Fellow members will not be part of this ticket checking process, so you must be prepared to show your tickets. The private security officers will only allow access to those showing a ticket. We understand many of us have been coming to shul for years, if not decades, but please remember, security guards are not aware of who is a member, longtime member, board member, etc.

EVERYONE WILL NEED TO SHOW A TICKET.

- Children under the age of 18, with their parents/guardians, will be admitted without a ticket.

For those entering without a ticket, you will be asked:

- To use the side entrance (Religious School entrance, just to the right of the main entrance), which will be staffed by private security.
- To verify your identity using your home address.
- For your name, if you are member, who you are visiting by the Security Guard, and this information will be recorded.

Security reserves the right to check bags upon entry.

We are thankful that we can join together as a sacred community to celebrate the High Holidays.
We are working hard to ensure everyone's safety and security. Thank you in advance for your cooperation.
